Dear Parent / Carers

It has come to my attention that some parents / carers instead of using the main entrance to escort their children to / from classes, pass their children over the car park fence and then jump over the fence themselves onto the yard. **Such behavior is completely unacceptable and an extremely bad example to show children.** The main entrance is the only entrance to be used to escort your child to/from school. In addition to this - parents let their children run around the car park unsupervised. A potentially serious incident could have happened yesterday afternoon in the car park when a child, who was under the parent's supervision, ran in front of a vehicle and was almost run over.

Due to health and safety reasons, following a risk assessment by the Governing Body's Health and Safety committee, the car park has been designated for the use of staff and minibuses only. Nearby streets are available to park your car if there is no suitable parking space available on Martin Crescent. It should also be ensured that there is enough space for buses to park in the official site for buses in the bus bay in front of the school.

I sincerely hope that **ALL** parents / carers take note of the contents of this letter and seriously consider the consequences of irresponsible parking. I do not want any child from YGG Tonyrefail to be injured due to the reluctance of a minority of adults to follow the school's parking rules.

Diolch yn fawr
